
American Polarizers, Inc. Quality Policy

American Polarizers, Inc.(API) is dedicated to exceeding customer requirements. We achieve this by continually improving our processes and our quality management system. To that end, our goal is to enhance customer satisfaction and exceed relevant requirements and compliance obligations by having all employees assigned to tasks only when they have the proper education, training, or experience to fulfil the assigned task. Our Quality Policy allows API to be the best supplier of polarized and non-polarized filters.
